WORKING TO MAKE A DIFFERENCE

The 20th edition of Calarossa Summer School provides an international and interdisciplinary environment where discussing how to find one's own path to make a difference in personal and professional life. Immersed in the scenario of Calarossa bay, and inspired by guest's personal stories, participants will discuss the challenges and opportunities of the current uncertain times. They will engage in presentations, teamwork and case study discussions,

as well as an one-on-one coaching session with faculty. The packed 7 days program includes sport and leisure activities and two days of sightseeing in Western Sicily: Agrigento Valley of the Temples Palermo, Monreale or Selinunte.

Enjoy the alchemy that results from a community of students with acumen, passion and commitment to make a difference for the common good.
